CORPORATE GOVERNANCE

The Directors of the Company are pleased to present the Company's report on Corporate Governance for the year ended March 31, 2017.

Corporate Governance is more than set of processes and compliances at Vikas WSP Limited. It underlines the role that we see for ourselves for today, tomorrow and beyond.

The following report on Corporate Governance, reflecting ethos of Vikas WSP Limited and its continuous commitment to ethical business principles across its operations, lays down the best practices and the procedures adopted by the Company in line with the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (Listing Regulations) and internationally followed standards of corporate governance.

COMPANY'S PHILOSOPHY

Our name and logo reflects our philosophy and policy. "Vikas" means development; in terms of thought and deed. Vikas is a Shining Star in red, over an oval encompassing our name, is our constant reminder to out-shine others.

Vikas WSP Limited would like to be known as an 'excellent' Company in terms of the quality of governance, the products it manufactures and trades in, in Customer Services, in fair dealings with its stakeholders and in the standards of individual and Company performance. The Company has a strong legacy of fair, transparent and ethical governance practices. We believe good governance is an essential ingredient of good business, good governance and good business have many things in common; participatory decision making, accountability, responsiveness, transparency, effectiveness and efficiency among others.

For us good governance and good business is not a destination but a continuing journey which is lead by strong, efficient and competent board.

The norms and processes of Corporate Governance reflect our commitment to disclose timely and accurate information regarding our financial and operational performance, as well as the Company leadership and governance structure. Over the years, our stakeholder commitment has enhanced the respect and recall of our brand nationally and internationally. Our Global stature has enabled us to attract best industry talent and financial resources to translate our short term and long term strategies into a viable business blueprint.

Our governance conforms to global standards through continuous evaluation and benchmarking. It is based on the following broad tenets whereby the Company:

- Adopts transparent procedures and practices and arrives at decisions based on adequate information.
- Ensure compliance with regulatory and fiduciary requirements in letter and spirit.
- Offers high Levels of Disclosures to disseminate Corporate, financial and operational information to all

stakeholders.

- monitor the core management team.

❖ **The CFO and Executive Directors** are responsible for implementation of corporate strategy, brand equity planning, external contacts and other Management matters which are approved by the Board. They are also responsible for achieving the annual and long term business plans. Their role, inter-alia, includes:

- crafting of vision and business strategies of the Company.
- clear understanding and accomplishment of Board set goals.
- responsible for overall performance of the Company in terms of revenues & profits and goodwill.
- acts as a link between Board and Management.
- ensure compliance with statutory provisions under multiple regulatory enactments.

❖ **Non-Executive Directors** (including Independent Directors) play a critical role in balancing the functioning of the Board by providing Independent judgements on various issues raised in the Board meetings like formulation of business strategies, monitoring of performances etc.

Their role, inter-alia, includes:

- impart balance to the Board by providing independent judgement.

- b) provide feedback on Company's strategy and performance.
- c) provide effective feedback and recommendations for further improvements.

Board Membership Criteria

The Nomination and Remuneration Committee in consultation with Directors/others determine the appropriate characteristics, skills and experience for the Board as a whole, as well as its individual Members. The selection of Board Members is based on recommendations of the Nomination and Remuneration Committee.

The skill profile of Independent Board Members is driven by the key performance indicators defined by the Board, broadly based on:

- a) independent Corporate Governance.
- b) guiding strategy and enhancing shareholders' value.
- c) monitoring performance, Management development & compensation.
- d) control & compliance.

Board Support and Role of Company Secretary in Overall Governance Process

The Company Secretary plays a key role in ensuring that the Board procedures are followed and regularly reviewed, investors' queries are handled promptly and reports to the Board about compliance with the applicable statutory requirements and laws.

The process for the Board and Committee meetings provides an effective post meeting follow-up, review and reporting of decisions taken by the Board and Committee members at their respective meetings. Important decisions taken at Board and Committee meetings are communicated promptly to the concerned departments. Action taken reports (ATRs) on decisions taken or recommendations made by the Board/Committee members at the previous meeting(s) are circulated at the next meeting.

Mr. Gunjan Kumar Karn was appointed as Company Secretary with effect from September 05, 2016. He has also been designated as Chief Compliance Officer.

CODE OF CONDUCT

The Board of Directors has approved a Code of Business Conduct and Ethics which is applicable to the Members of the Board and all employees in the Management grade. The code has been posted on the Company's website www.vikasguargum.com.

The code lays down the standard of conduct which is expected to be followed by the concerned Directors and the designated employees in their business dealings and in particular on matters relating to conflict of interests, bribery and corruption, integrity of accounting and financial reporting, fair competition, Corporate Social Responsibility,

concern for sustainable development, concern for occupational health and safety, use of licensed software, email and internet and corporate communications.

All the board members and senior management personnel have confirmed compliance with the code.

Commitment to ethical professional conduct is a must for every employee, including Board Members and Senior Management Personnel of Vikas WSP Limited. The Code is intended to serve as a basis for ethical decision-making in conduct of professional work.

The Code of Conduct enjoins that each individual in the organization must know and respect existing laws, accept and provide appropriate professional views, and be upright in his conduct and observe corporate discipline. The duties of Directors including duties as an Independent Director as laid down in the Companies Act, 2013 also forms part of the Code of Conduct.

MANAGEMENT DISCUSSION & ANALYSIS

INDUSTRY STRUCTURE & DEVELOPMENT

The Company VIKAS WSP was established in 1988. The Company is one of the India's foremost guar gum powder (GGP) manufacturer, supplying to all sectors of the food industry with an extensive range of quality products. Besides food, the Company also offers guar gum for technical applications such as pet food, oil drilling and fracturing, textile printing, paper making, etc. Per annum production capacity of all grades guar gum powder is 58800 MT. The Company is committed to provide its customers overall services and values that is the best. It has contributed significantly to our national output, employment and exports.

FUTURE OUTLOOK, OPPORTUNITIES AND THREATS

Your Company is world's leading provider of guar gum polymers, knows how much traceability means to food and pharmaceutical producers. It offers a complete and trustworthy range of guar polymers world-wide and can fully prove their origins. Traceability serves both regulatory and consumer requirements. The Company is known for proven production processes, advanced quality systems and reliable supplies. These are the reasons that your Company has abductured most of the expanding market of guar polymers. Company's R&D has a gimlet-eye on the application problems and their solutions which goes a long way in expanding its business in all segments in the years ahead. Currently, your Company is the sole producer of "Certified Organic guar polymers" and the same is an opportunity for the Company to spread its wings in markets where none existed before. Threats - Guar is a xerophytes plant and the rain pattern of the monsoons in the Indian arid zone - mainly Western desert of Rajasthan provides ideal growing conditions. The need for just the right amount of rain at the right time leaves the guar crop heavily dependent on the annual rainfall pattern and causes occasional wide swings in guar supply and prices. With the emergence of irrigated guar seeds, dependency of guar crop on monsoon has been minimized. Now its crop is irrigated with canal water at the right time that increased its per hectare yield greatly.

COMPANY'S PERFORMANCE

During the current year under review your Company has achieved a total turnover of Rs. 19,848.60 lakhs as compared to Rs. 59349.14 lakhs in the previous year during the year under review the Company has net Loss of Rs. 8,431.50 lakhs.

FOREIGN EXCHANGE EARNINGS

Your Company remains committed to enlarging Foreign Exchange Earnings. Earnings from exports create growing value for the Indian Economy and also serve to benchmark the competitiveness of your Company's operations with global standards.

The VIKAS WSP's contribution to Foreign Exchange Earning from agro exports is a measure of your Company's growing contribution to the rural economy.

BUSINESS SEGMENT

As the Company is dealing only in Guar derivatives and Guar Polymers, therefore, segment wise detail is not required to incorporate.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company is having adequate internal control systems and procedures which commensurate with the size of the Company. All the departments of the Company are following the established rules and regulations for internal control systems. Company established a Internal Control Audit Department which ensure that the internal control systems are properly followed by all the concerned departments of the Company.

HUMAN RESOURCES/INDUSTRIAL RELATIONS

Beyond Balance Sheet, Company's singly biggest asset is its Human Resource. The Company is of firm belief that the human resources are the driving force towards progress and success. The Company continued its policy of attracting and recruiting best available talents so that it can face business challenges ahead. The Company also offers attractive compensation packages to retain and motivate its professionals so that they can infuse their best efforts. The industrial relation continues to be cordial during the year.

Though the statement and views expressed in the above said report are on the basis of certain assumptions and expectations of future events, but actual results may differ from whatever is stated in the annual report.

INDEPENDENT AUDITORS' REPORT

To the Members of Vikas WSP Limited

Report on the Ind AS Financial Statements

We have audited the accompanying Ind AS financial statements of Vikas WSP Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2017, the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended and a summary of significant accounting policies and other explanatory information, (hereinafter referred to as "Ind AS Financial Statements")

Management's Responsibility for the Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Ind AS financial statements that give a true and fair view of the (state of affairs) financial position, profit or loss (financial performance including other comprehensive income) cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls and ensuring their operating effectiveness and the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these Ind AS financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the Ind AS financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the Ind AS financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Ind AS financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India (including the Ind AS), of the state of affairs (financial position) of the Company as at March 31, 2017, its loss (financial performance including other comprehensive income), its cash flows and changes in equity for the year ended on that date.

ANNEXURE 2 TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE FINANCIAL STATEMENTS OF ("the Company")

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

To the Members of Vikas WSP Limited ("the Company")

We have audited the internal financial controls over financial reporting of the Company as of

March 31, 2017 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Board of Directors is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting ("the guidance note") issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls and the aforementioned guidance note. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the

internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Explanatory paragraph

We also have audited, in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India, as specified under section 143(10) of the Act, the standalone financial statements of (the Company), which comprise the Balance Sheet as at March 31, 2017, and the related Statement of Profit and Loss, the Cash Flow Statement and Statement of Change in its equity for the year then ended, and a summary of significant accounting policies and other explanatory information, and our report dated May 30, 2017 expressed unmodified opinion.

VIKAS WSP LIMITED

Notes to financial statements for the year ended on March 31, 2017

1. Background of the Company

The Company Vikas WSP Limited was established in 1988. The Hindi word “Vikas” means “Development” and WSP Stands for “Water Soluble Polymers”. The Company is one of India’s foremost guar gum powder (GGP) manufacturer, supplying to all sectors of the food industry with an extensive range of quality products. Besides food, the company also offers guar gum for technical applications such as pet food, oil drilling, textile printing, mining paper, etc. The Company has its registered office at Railway Road, Siwani, Haryana and its corporate office at Sri Ganganagar, Rajasthan, India.

2. Significant Accounting Policies

2.1 Basis of preparation

(i) Compliance with Ind AS-

The financial statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) [Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the Act. The financial statements have been prepared on going concern and historical cost basis in accordance with accounting principles generally accepted in India.

The financial statements up to year ended March 31, 2016 were prepared in accordance with the accounting standards notified under Companies (Accounting Standard) Rules, 2006 (as amended) and other relevant provisions of the Act. For the purpose of comparatives, financial statements for the year ended March 31, 2016 and opening balance sheet as at April 1, 2015 are also prepared as per Ind AS.

These financial statements are the first financial statements of the Company prepared and reported under Ind AS.

2.2 Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle of the Company
- Held primarily for the purpose of trading
- Expected to be realized within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period all other assets are classified as non-current.

The Company classifies all other assets as non-current.

A liability is treated as current when:

- It is expected to be settled in normal operating cycle of the Company
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months from the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities (as the case may be).

2.3 Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are inclusive of excise duty and net of returns, trade allowances, rebates, value added taxes and amounts collected on behalf of third parties.

The Company recognizes revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the Company and specific criteria if any has been met. The Company bases its estimates on historical results, taking into consideration the type of customer, the type of transaction and the specifics of each arrangement.

2.4 Taxes

- a) The income tax expense or credit for the year is the tax payable on the current year’s taxable income based on the applicable income tax rate as per the Income tax Act, 1961 adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

VIKAS WSP LIMITED

Notes to financial statements for the year ended on March 31, 2017

- b) The current income tax charge is calculated on the basis of the tax laws enacted at the end of the reporting year. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.
- c) Deferred income tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax asset are recognised to the extent that it has sufficient taxable temporary differences or there is convincing other evidences that sufficient taxable profit will be available against which such deferred tax can be realised.
- d) Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the Company has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.
- e) Current and deferred tax is recognised in the Statement of profit and loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity and in this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

2.5 Property, plant and equipment

a) Transition to Ind AS-

On transition to Ind AS, the Company has elected to continue with the carrying value of all of its property, plant and equipment recognised as at April 1, 2015 measured as per the previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment.

- b) Freehold land is carried at historical cost. All other items of property, plant and equipment are stated at historical cost less depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the assets incurred up to the date when asset is ready for its intended use. Cost may also include transfers from equity of any gains or losses on qualifying cash flow hedges of foreign currency purchases of property, plant and equipment.
- c) Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to the Statement of profit and loss during the reporting year in which they are incurred.
- d) Depreciation methods, estimated useful lives and residual value-

Depreciation is calculated using the straight-line method to allocate their cost, net of their residual values, over their estimated useful lives or, in the case of certain leased furniture, fittings and equipment, the shorter lease term as follows:

Freehold buildings	25-60 years
Machinery	8-15 years
Furniture, fittings and equipment	8-10 years

The useful lives have been determined based on those specified by Schedule II to the Companies Act; 2013, in order to reflect the actual usage of the assets. The residual values are not more than 5% of the original cost of the asset.

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting year.

- e) An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the Statement of Profit and Loss. Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in the Statement of profit and loss within other gains/ (losses).

2.6 Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. Subsequent to initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses. Internally generated intangibles, excluding capitalised development costs, are not capitalised and the related expenditure is reflected in profit or loss in the year in which the expenditure is incurred.

VIKAS WSP LIMITED

Notes to financial statements for the year ended on March 31, 2017

The useful lives of intangible assets are assessed as either finite or infinite.

The Company does not have any intangible assets with infinite life. Intangible assets with finite lives are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting year. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

2.7 Leases

Leases in which a significant portion of the risks and rewards of ownership are not transferred to the Company as lessee are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are charged to the Statement of profit and loss on a straight-line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

2.8 Inventories

Raw materials, stores and spares, work in progress, traded and finished goods are stated at the lower of cost and net realisable value.

Cost of raw materials and traded goods comprises cost of purchases. Cost of work-in-progress and finished goods comprises direct materials, direct labour and an appropriate proportion of variable and fixed overhead expenditure, the latter being allocated on the basis of normal operating capacity. Cost of inventories also include all other costs incurred in bringing the inventories to their present location and condition. Costs are assigned to individual items of inventory on weighted average basis. Costs of purchased inventory are determined after deducting rebates and discounts. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

2.9 Impairment of non-financial assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

Impairment losses of continuing operations, including impairment on inventories, are recognised in the statement of profit and loss, except for properties previously revalued with the revaluation surplus taken to OCI. For such properties, the impairment is recognised in OCI up to the amount of any previous revaluation surplus.

For assets excluding goodwill, an assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Company estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the statement of profit and loss unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase.

VIKAS WSP LIMITED

Notes to financial statements for the year ended on March 31, 2017

2.10 Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

2.11 Employee Benefits

(i) Short-term obligations-

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting year and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

(ii) Post-employment obligations-

The Company operates the following post-employment schemes:

(a) Defined benefit plans such as gratuity; and

(b) Defined contribution plans such as provident fund and Employee State Insurance.

Gratuity obligations (defined benefit)-

The Defined Benefit Plans are based on employees' pensionable remuneration and length of service. Under Gratuity scheme employees are entitled to receive lump sum benefits. The liability or asset recognised in the balance sheet in respect of defined benefit plan is the present value of the defined benefit obligation. The liability of the Company is unfunded. The defined benefit obligation is calculated annually by actuaries using project unit cost method.

The present value of the defined benefit obligation denominated in INR is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting year on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation. This cost is included in employee benefit expense in the statement of profit and loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service cost.

Provident fund and Employee State Insurance (Defined contribution plans) -

The Company pays contributions towards provident fund and employee state insurance scheme to publicly administered funds as per local regulations. The Company has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognised as employee benefit expense when they are due.

2.12 Other financial assets

(i) Classification-

The Company classifies its financial assets in the following measurement categories:

Those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and those measured at amortised cost.

The classification depends on the Company's business model for managing the financial assets and the contractual terms of the cash flows. For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income.

VIKAS WSP LIMITED

Notes to financials statements for the year ended on March 31, 2017

(ii) Measurement of financial assets

Financial assets are measured initially at fair value adjusted for transaction costs, except for those carried at fair value through profit or loss which are measured initially at fair value. After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method.

(iii) Impairment of financial assets-

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost and FVOCI debt instruments. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade receivables only, the Company applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

(iv) Derecognition of financial assets-

A financial asset is derecognised only when:

The Company has transferred the rights to receive cash flows from the financial asset or, retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the Company has transferred an asset, it evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the Company has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

2.13 Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

2.14 Trade and other payables

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. The amounts are unsecured and are usually paid as per the credit terms.

2.15 Trade receivables

Trade receivables are recognised initially at fair value and subsequently measured at amortised cost, less provision for impairment.

2.16 Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. Accordingly, segmental reporting is performed on the basis of geographical location of customer which is also used by the chief financial decision maker of the company for allocation of available resources and future prospects.

2.17 Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

2.18 Foreign currency translation or transaction

a) Functional and presentation currency:

Items included in the financial statements are measured using the currency of the primary economic environment in which the Company operates ('the functional currency'). The financial statements are presented in Indian rupee (INR), which is Company's functional and presentation currency.

b) Transactions and balances:

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognised in statement of profit and loss.

VIKAS WSP LIMITED

Notes to financial statements for the year ended on March 31, 2017

All foreign exchange gains and losses are presented in the statement of profit and loss on a net basis within other gains/ (losses). Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. Translation differences on assets and liabilities carried at fair value are reported as part of the fair value gain or loss. For example, translation differences on non-monetary assets and liabilities such as equity instruments held at fair value through profit or loss are recognised in profit or loss as part of the fair value gain or loss and translation differences on non-monetary assets such as equity investments classified as FVOCI are recognised in other comprehensive income.

2.19 Financial liabilities

Initial recognition and measurement:

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts and financial guarantee contracts.

Subsequent measurement-

The measurement of financial liabilities depends on their classification, as described below:

(a) Loans and borrowings-

All the borrowings of the Company are short terms in the nature and are in the form of packing credit, bank overdrafts, cash credit limits or foreign documentary bills purchased by the banks. Therefore, the costs at which these liabilities have been initially recognized necessarily reflect the value at which they are likely to be settled.

2.20 Contingencies

Contingent liabilities are possible obligations whose existence will be confirmed only on the occurrence or non-occurrence of uncertain future events outside the Company's control, or present obligations that are not recognised because of the following: (a) It is not probable that an outflow of economic benefits will be required to settle the obligation; or (b) the amount cannot be measured reliably.

Contingent liabilities are not recognised but are disclosed and described in the notes to the financial statements, including an estimate of their potential financial effect and uncertainties relating to the amount or timing of any outflow, unless the possibility of settlement is remote.

Contingent assets are possible assets whose existence will be confirmed only on the occurrence or non-occurrence of uncertain future events outside the Company's control. Contingent assets are not recognised. When the realisation of income is virtually certain, the related asset is not a contingent asset; it is recognised as an asset.

Contingent assets are disclosed and described in the notes to the financial statements, including an estimate of their potential financial effect if the inflow of economic benefits is probable.

2.21 Earnings per share

Basic: Basic earnings per share is calculated by dividing the net profit for the period attributable to equity shareholders by the weighted average number of shares outstanding during the year.

Diluted: For computing diluted earnings per share the net profit for the period attributable to equity shareholders divided by the weighted average shares considered for deriving basic earnings per share, and also the weighted average number of equity shares that could have been issued on the conversion of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. The number of shares and potentially dilutive equity shares are adjusted for any stock splits and bonus shares issued.

2.22 Borrowing Costs:

Borrowing costs consist of interest and other costs that the company incurs in connection with the borrowing of funds.

General and specific borrowing costs directly attributable to the acquisition or construction of qualifying assets that necessarily takes a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. Borrowing costs that are not directly attributable to a qualifying asset are recognised in the Statement of Profit or Loss using the effective interest method.

VIKAS WSP LIMITED

Notes to financials statements for the year ended on March 31, 2017

2.23 Recent accounting pronouncements

Standards issued but not yet effective:

In March 2017, the Ministry of Corporate Affairs issued the Companies (Indian Accounting Standards) (Amendments) Rules, 2017, notifying amendments to Ind AS 7, 'Statement of cash flows'. These amendments are in accordance with the recent amendments made by International Accounting Standards Board (IASB) to IAS 7, 'Statement of cash flows'. The amendments are applicable to the Company from April 1, 2017.

The amendment to Ind AS 7 requires the entities to provide disclosures that enable users of financial statements to evaluate changes in liabilities arising from financing activities, including both changes arising from cash flows and noncash changes, suggesting inclusion of a reconciliation between the opening and closing balances in the balance sheet for liabilities arising from financing activities, to meet the disclosure requirement. The Company shall be including the above disclosure in the financial statements from the date that this amendment is applicable i.e., for periods starting from April 1, 2017 and onward.

2.24 Significant accounting judgements, estimates and assumptions

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities at the date of the financial statements. Estimates and assumptions are continuously evaluated and are based on management's experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

In particular, the Company has identified the following areas where significant judgements, estimates and assumptions are required. Further information on each of these areas and how they impact the various accounting policies are described below and also in the relevant notes to the financial statements. Changes in estimates are accounted for prospectively.

Judgements

In the process of applying the Company's accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognized in the financial statements:

Contingencies

Contingent liabilities may arise from the ordinary course of business in relation to claims against the Company, including legal, contractor, land access and other claims. By their nature, contingencies will be resolved only when one or more uncertain future events occur or fail to occur. The assessment of the existence, and potential quantum, of contingencies inherently involves the exercise of significant judgments and the use of estimates regarding the outcome of future events.

Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. Existing circumstances and assumptions about future developments, however, may change due to market change or circumstances arising beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

a) Defined benefit plans

The cost of the defined benefit plan and other post-employment benefits and the present value of such obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases, mortality rates and future pension increases. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

b) Recognition of deferred tax assets - The extent to which deferred tax assets can be recognized is based on an assessment of the probability of the Company's future taxable income against which the deferred tax assets can be utilized.

c) Useful life of property, plant & equipment and intangible assets:

As described in the significant accounting policies, the Company reviews the estimated useful lives of property, plant and equipment and intangible assets at the end of each reporting period.

j. Description of Risk Exposures:

Valuations are based on certain assumptions, which are dynamic in nature and vary over time. As such company is exposed to various risks as follow -

- a) Salary Increases- Actual salary increases will increase the Plan's liability. Increase in salary increase rate assumption in future valuations will also increase the liability.
- b) Investment Risk – As the plan is not funded, there is no investment risk
- c) Discount Rate : Reduction in discount rate in subsequent valuations can increase the plan's liability.
- d) Mortality & disability – Actual deaths & disability cases proving lower or higher than assumed in the valuation can impact the liabilities.
- e) Withdrawals – Actual withdrawals proving higher or lower than assumed withdrawals and change of withdrawal rates at subsequent valuations can impact Plan's liability.
 - i) During the year the Company has recorded an expense of Rs 61.93 lacs (previous year Rs. 62.44 lacs) towards provident fund, a defined contribution plan.
 - ii) Leaves are encashed at the end of the year and not carried forwarded.
 - iii) Post employment benefits are determined by an Independent Actuary on overall basis and hence have not been separately provided for key management personnel.

35 Settlement Claim

The Company had filed a legal suit in US Court of law against M/s Economy Polymers and Chemicals, USA ("Economy Polymers") in the month of November 2013 for non performance of purchase orders issued by Economy Polymers. During the year 2014-15, the Company had entered into a settlement for USD 80 Million, Equivalent INR 494,82.62 lacs with Economy Polymers against their claim for compensation. The Company had recognized Rs. 474,46.08 lacs in the Statement of profit and loss and balance of Rs. 20,36.54 lacs has been adjusted against outstanding receivable for seed distribution from Economy Polymers as per the settlement agreement. In turn, to discharge to the Company's liability towards non-performance of agreements for purchase of material for Economy Polymers, the Company had settled with suppliers for Rs.385,00.00 lacs. The same had been recognized in the statement of profit and loss during the financial year 2014-15 on accrual basis.

However, subsequent to payment of USD 40 million (Equivalent INR 249,65.80 lacs), in July 2015 Economy Polymers stopped paying the balance instalments due as per the aforesaid settlement agreement . Consequently, due to non-recovery of the said dues to the extent of USD 40 million approximately Rs. 25,936.00 lacs (previous year Rs. 265,33.16 lacs), the Company has invoked the original court case against Economy Polymers in United States District court for the Southern District of Texas Houston Division, for recovery of balance USD 40 million Rs. 25,936.00 (Equivalent Rs. 265,33.16 lacs) . Considering the ongoing litigation the receivable has been classified under other non-current assets.

- 36 (a) (i) The Company has been availing various export credit facilities amounting Rs.15,919.39 lacs (previous year Rs.16,873.60 lacs) for Export from Punjab National Bank (PNB), Union Bank of India (UBI) and Bank of India (BOI) under consortium. The aforementioned credit facilities availed from BOI were classified as NPA in December 2015 and from PNB & UBI were classified as Non-Performing Assets (NPA) in June 2016. Thereafter, under mutual agreement between the banks and the Company, a tagging amount of 25% was deducted by the banks from each export bill to clear NPA dues of the banks which was shared amongst the three bankers. Subsequent to the year end, the Company has paid a sum of Rs 4,500 lacs to PNB against release of properties mortgaged in ILG in exclusive charge of PNB. However, it is clarified that the accounts have not yet been upgraded to Standard assets.

In accordance with the prudential norms for banks by the Reserve Bank of India, the lender banks have not charged interest on aforementioned export credit facilities extended to the Company upon the classification of the export credit facilities of the Company as NPA. However, the management has accounted for the interest accrued and due amounting Rs.2,054.64 lacs (previous year Rs.Nil) to the lending banks in accordance with the terms of borrowings arrangements.
- 36 (a) (ii) The rate of interest on the working capital loans from banks ranges between 11% p.a. to 13% p.a. depending upon the prime lending rate of the banks, wherever applicable, and the interest rate spread agreed with the banks.

41 Segment information

As per Ind As 108, Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. Accordingly, segmental reporting is performed on the basis of geographical location of customer which is also used by the chief financial decision maker of the company for allocation of available resources and future prospects.

Geographical segments at the Company primarily comprise customers located in US, Europe, India (Domestic) and others. Income in relation to segments is categorized based on items that are individually identified to those segments. It is not practical to identify the expenses, fixed assets used in the Company's business or liabilities contracted, to any of the reportable segments, as the expenses, assets and liabilities are used interchangeably between segments. Accordingly, no disclosure relating to total segment results, total segment assets and liabilities have been made.

43 First time adoption of Ind AS:

- (i) Ind AS 101 (First-time Adoption of Indian Accounting Standards) provides a suitable starting point for accounting in accordance with Ind AS and is required to be mandatorily followed by first-time adopters. The Company has prepared the opening Balance Sheet as per Ind AS as of April 1, 2015 (the transition date) by:
- recognising all assets and liabilities whose recognition is required by Ind AS,
 - not recognising items of assets or liabilities which are not permitted by Ind AS,
 - reclassifying items from previous Generally Accepted Accounting Principles (GAAP) to Ind AS as required under Ind AS, and
 - applying Ind AS in measurement of recognised assets and liabilities.

(iv) (A) Ind AS 101 mandates certain exceptions and allows first-time adopters exemptions from the retrospective application of certain requirements under Ind AS. The Company has applied the following exemptions in the financial statements:

(a) Property, plant and equipment and intangible assets were carried in the Balance Sheet prepared in accordance with previous GAAP on March 31, 2015. Under Ind AS, the Company has elected to regard such carrying values as deemed cost at the date of transition.

(iv) (B) In addition to the above, the principal adjustments made by the Company in restating its previous GAAP financial statements, including the Balance Sheet as at April 1, 2015 and the financial statements as at and for the year ended March 31, 2016 are detailed below:

(a) Under previous GAAP, actuarial gains and losses related to the defined benefit schemes for gratuity and pension plans and liabilities towards employee leave encashment were recognised in profit or loss. Under Ind AS, the actuarial gains and losses form part of remeasurement of the net defined benefit liability/asset which is recognised in OCI. Consequently, the tax effect of the same has also been recognised in OCI instead of profit or loss.

(b) Under previous GAAP, movements in cash credit facilities, repayable on demand, were reflected in cash flows from financing activities in cash flow statement. Under Ind AS, such cash credit facilities are included in cash and cash equivalents in the cash flow statement.

II. Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities primarily trade receivables.

The maximum credit risk exposure relating to financial assets is represented by the carrying value as at the Balance Sheet date.

A. Trade receivables

An impairment analysis is performed at each reporting date on an individual basis for major clients. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets disclosed in the financial statements. The Company does not hold collateral as security. The Company evaluates the concentration of risk with respect to trade receivables as low, as its customers are located in several jurisdictions and operate in largely independent markets. Owing to the payment records of customers the Company does not foresee any credit risk.

B. Financial instruments and cash deposits

Credit risk from balances with banks and financial institutions is managed by the Company's treasury department in accordance with the Company's policy.
